By _____, Deputy

DOCUMENT NO. _____

M.H.D. FORM NO. 2105

NW Corner Section 25-T104N-R16W

Deputy Surveyor John Fitzpatrick of the U.S. General Land Office originally established this corner in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Department
Mower County Recorder
Tucker Land Surveying

Mower County Highway Department records show ties to this corner.
9.3' North to wheel guard
9.3' South to wheel guard
2.3' West to end bridge

2003 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807 searched by hand at the location of the above mentioned ties. They found no evidence of the corner. The crew placed a 5/8" rebar using the Mower County Highway Department ties and took new ties.

The monument is in agreement with the record and is accepted as best evidence of a perpetuation of the original public land survey corner.
