S 1/4 Cor SEC 4-104-17

This corner was originally established by Deputy Surveyor Elisha S. Norris of the U.S. General Land Office in 1853. The government notes show a wood post was set with a mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Zenk Engineering
Tucker Land Surveying

1948 Book 1 of the MHD notes show an iron pin and stone at this location.

1995 Jones, Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe at the CL of township road E-W and in line with line fence N-S. Found a 1/2" iron and a 12"x12" stone at a depth of 2' which was below virgin soil. Left monuments as found and placed a cast iron monument above the monuments found.

The monument fit occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
