S 1/4 Cor SEC 18-104-17

This corner was originally established by Deputy Surveyor John Fitzpatrick of the U.S. General Land Office in 1853. The government notes show a wood post along with stone was set with a mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Zenk Engineering
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1995 Jones, Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe at CL of low maintenance road and found no evidence of true corner. Set cast iron monument in line with fence South, field division North, and on CL of low maintenance road.

The monument fit occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
