SE Cor SEC 17-104-17

This corner was originally established by Deputy Surveyor John Fitzpatrick of the U.S. General Land Office in 1853. The government notes show a stone was placed with a mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Zenk Engineering
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1995 Jones, Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe at the CL of township road N-S and on CL of low maintenance road West. Found a 1.2'x8" pointed stone. Stone fit CL of N-S road and 3' North of low maintenance road. Stone found .5' below old road bed. Accepted stone as true corner. Left stone as found a place a cast iron monument over stone found.

The monument fit occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
