DOCUMENT NO. _____

M.H.D. FORM NO. 2105

N ¼ Corner Section 28-T104N-R17W

Deputy Surveyor of the U.S. General Land Office originally established this corner in . The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Department
Mower County Recorder
Tucker Land Surveying

2004 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with Mower County backhoe at the intersection of 300th Street East-West and line fence south and found that this area was in a cut section of the road and any evidence of PLS corner would have been destroyed. Found no evidence of the original PLS corner. Placed a 5/8"x16" rebar with cast iron monument at said intersection 0.60' below road surface.

The monument is in agreement with the record and is accepted as best evidence of a perpetuation of the original public land survey corner.
