N 1/4 Cor SEC 4-104-18

This corner was originally established by Deputy Surveyor Elisha S. Norris of the U.S. General Land Office in 1854. The government notes show a wood post was set.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Dodge County Highway Dept.
Dodge County Recorder
Zenk Engineering
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1995 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, searched in area of two wood fence posts with metal locator and shovel but found no evidence of the original PLS corner. The wood fence posts were accepted as the best evidence of the corner and a 5/8" iron capped RLS 13807 was placed between the two posts.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
