NE Cor SEC 4-104-18

This corner was originally established by Deputy Surveyor Elisha S. Norris of the U.S. General Land Office in 1854. The government notes show a wood post was set.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Dodge County Highway Dept.
Dodge County Recorder
Zenk Engineering
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1988 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, searched in area of fenceline intersection E-W-S with metal locator and shovel but found no evidence of the original PLS corner. The fence intersection was accepted as best evidence of the original corner and a 5/8" iron was placed 0.2' north of the corner fence post.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
