BOOK 83 PAGE 385

N 1/4 Cor SEC 20-104-18

This corner was originally established by Deputy Surveyor William I. Anderson of the U.S. General Land Office in 1854. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Zenk Engineering
Tucker Land Surveying

1995 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe at the CL of township road E-W and in line with line fence north. Uncovered a wood post 2' below road surface. Continued digging by hand and found no further evidence of original PLS corner. Accepted post as true corner. Placed a capped 5/8" iron #13807 in the center of post. Placed cast iron monument over post found.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
